SUBJECT INDEX

diction, gasoline, in children 250
ergy
  Food (Letter) 1031
  Food hypersensitiveness: acute constitutional reactions 129
  Gastrointestinal, in infants (Clinical Conference) 153
  Prophylaxis of, in infancy 835
  Sweat chloride concentration in 204
Amaurotic familial idiocy, infantile 37
AMERICAN ACADEMY OF PEDIATRICS (AAP)
AAP Clinical Conference
  Gastrointestinal food allergy 153
AAP President's Message
  Evaluation of Medical Care of Children 843
  Two Books of Importance to You 475

AAP Proceedings
Presidential Address (Wheatley, 1961) 148
AAP Reports of Committees
Composition of human body, methods for determining 476
Infantile scurvy and nutritional rickets in the United States 646
Kerosene poisoning study: treatment of accidental ingestion of petroleum distillate products 648
Metabolic balance studies as method of estimating body composition 495
Radioactive fall-out, hazards of 845
American Board of Pediatrics
Written examination 1024
Anemia, hemolytic, acute glomerulonephritis with 224
Antibodies
Response and survival following booster injections of poliomyelitis vaccine 116
Tests, streptococcal desoxyribonuclease B and diphosphopyridine nucleotidase, in rheumatic fever and glomerulonephritis 527
Aphasia, certain hemiplegias, with 376
Ataxia, acute cerebellar, associated with infection by Poliovirus I 808

Birth, position at, association with handedness 307
Birth weight, full-term and low (Letter) 333
Blood agar plates, new method for streaking 550
Body composition
Effect of diet on (Report of Committee) 476
Metabolic balance studies as method of estimating (Report of Committee) 495
Methods of determining (Report of Committee) 476
Body image, constriction of, in congenital heart disease 438
Body-tilting and end-expiratory position, effects on newborn infants 255
Body water compartments in the premature infant; effects of respiratory distress syndrome, and maternal diabetes and toxemia 883
Bone disease, familial, resembling rickets 996
Bone-growth centers of hand and wrist: onsets, completions, and spans 237
Book Reviews
Centerwall, W. R., and Centerwall, S. A.: Phenylketonuria 552
Childrens Bureau: Children—An Interdisciplinary Journal for the Professions Servicing Children 578
Children's Bureau: Mongoloid Baby 599
DiChiro, G.: An Atlas of Detailed Normal Pneumoencephalographic Anatomy 1037
Freed, H.: The Chemistry and Therapy of Behavior Disorders in Children 882
Gellis, S. S. (Editor): Year Book of Pediatrics, 1961-1962 510
Hutchins, C. M.: Life's Key—DNA 510
Medical Advisory Committee of the National Spastics Society: Hemiplegic Cerebral Palsy in Children and Adults 1037
Medical Advisory Committee of the National Spastics Society: Child Neurology and Cerebral Palsy 1037
Montague, M. F. A. (Editor): Genetic Mechanisms in Human Disease—Chromosomal Aberrations 635
National Academy of Sciences–National Research Council: Progress in Meeting Protein Needs of Infants and Children 910
Osler, M.: Body Composition of Newborn Infants of Diabetic Mothers 728
Potter, E. L.: The Pathology of the Fetus and the Infant, Ed. 2 17
Rubin, E. H., and Rubin, M.: Thoracic Diseases 96
Thamdrup, E.: Precocious Sexual Development—A Clinical Study of 100 Children 977
Zollinger, R. M., Pace, W. G., and Kienzle, G. J., III: A Practical Outline for Preparing Medical Talks and Papers 128
Burn Theory (Commentary) 861
Burns, third-degree, management of; dermatome débridement, early grafting 865

Carcinoids in children 953
Catecholamines, t-waves, and newborn infants (Letter) 500
Catheterization, cardiac, accidental puncture during 283
Celiac disease, magnesium deficiency in 948
Central nervous system, congenital defects of, associated with hyperendemic goiter in Netherlands New Guinea 345, 364
Cerebellar ataxia (See Ataxia, cerebellar)
Cerebellar degeneration, focal; sex-linked recessive disorder with retardation of growth, peculiar hair, and 764
Cerebral palsy; treated and untreated patients 605
Children's Bureau and American Academy of Pediatrics 515
Chloride, sweat, in allergy and in cystic fibrosis of the pancreas 204
Cholecystitis and cholelithiasis in children 46
Cholelithiasis, cholecystitis and, in children 46
Chromosomal abnormalities; oral-facial-digital syndrome in females 985
Chromosomal sex pattern, mosaicism; abnormal

sexual development associated with 703
Circumcision and the tribe (Letter) 677
Clinics, special, general outpatients and 330
Colic, infantile: evolutionary view (Letter) 676
Colitis, ulcerative 389
Collaboration of pediatrician and orthodontist 142
COMMENTARY
Academy and pediatric opportunities in undeveloped countries 687
Burn therapy 861
Children's Bureau and American Academy of Pediatrics 515
Dissemination of medical information 689
Gestation in man, prenatal and postnatal 1
Iatrogénesis pediátrica 343
Vaccination against virus diseases 171
Congenital abnormalities
Central nervous system; associated with hyperendemic goiter in Netherlands New Guinea 345, 364
ECHO 9 virus infection and 261
Heart disease, constriction of body image in 438
Oral-facial-digital syndrome in females with chromosomal abnormalities 985
Torticollis 334
Unilateral renal agenesis in two siblings 270
Crying in infancy 579
Cystic fibrosis of the pancreas
Enlargement of submaxillary salivary glands 788
Sweat chloride concentration in 204
Cytomegalic inclusion disease
Hypogammaglobulinemia, and pneumocystis carinii pneumonia occurring simultaneously 816
Hypoparathyroidism, associated with 52
Millipore filter technique for cytologic diagnosis in examination of urine 61

Débridement, dermatome; early grafting; and management of extensive third-degree burns 865
Dermatosis, in newborn infants: incontinentia pigmenti, relationship to dermatitis herpetiformis 295
Diabetes mellitus
And toxemia, maternal; and respiratory distress syndrome: effect on body water compartments in premature infants 883
What the juvenile diabetic knows about his disease 135
Digoxin dosage in premature infants 18
Diphtheria immunization, positive Shick test after, as evidence of hypogammaglobulinemia (Letter) 1034
Dosage of drugs; digoxin, in premature infants 18
Dysautonomia; esophageal and gastric abnormalities in 303
Dysostosis, hereditary metaphysial 996

ECHO 9 virus infection and congenital abnormalities 261
Edathamil calcium disodium; diagnostic test for lead poisoning 384
Education
Academy and pediatric opportunities in undeveloped countries (Commentary) 687
Books of importance (President's Message) 475
Dissemination of medical information (Commentary) 689
Fifty years of work for children 517
Iatrogénesis pediátrica (Commentary) 343
Resident in non-university hospital (Letter) 679
Toilet-training 121
Education and medical services: "status quo" seekers (Letter) 501
Electrocardiography
Catecholamines, t-waves, and newborn infants (Letter) 500
Changes during generalized glycogenesis 743
Electroencephalography: study in acute aseptic meningitis 181
Electromyography in congenital torticollis (Letter) 334
Encephalitis, Colorado tick fever 187
Esophageal and gastric abnormalities in dysautonomia 303

Fall-out, radioactive, hazards of
(Letter) 850
(Report of Committee) 845
Feeding, infant, breast (Letter) 332, 1030
Fever, Colorado tick, encephalitis 187
Fibrocystic disease; stenosis of the pancreatic ducts in; study with vinyl acetate technique 636
Food
Allergy (Letter) 1031
Hazards of (Letters) 499, 1027
Hypersensitiveness, acute constitutional reactions 129
Formulas, unsterile (Letter) 675

Gasoline addiction in children 250
Gastric and esophageal abnormalities in dysautonomia 303
Gestation in man, prenatal and postnatal (Commentary) 1
Gluobulin deficiency, secondary immune, paraproteinemia with 97
Glomerulonephritis, acute
Acute rheumatic fever and; evaluation of the streptococcal desoxyribonuclease B and diphosphopyridine nucleotidase antibody tests 527

With hemolytic anemia in infants 224
Glycogen storage disease, glucose-6-phosphatase deficiency; inter-relationships of carbohydrate, lipid, and purine abnormalities 553
Glycogenesis, generalized; observations, with emphasis on electrocardiographic changes 743
Goiter, hyperendemic, and congenital defects of the central nervous system in Netherlands New Guinea 345, 364
Grafting, early; dermatome débridement; and management of third-degree burns 865
Great vessels, congenital defects (See also Heart)
Anomalous origin of left coronary artery from the left pulmonary artery 274
Growth and development
Guide to interpretation of growth charts and developmental assessments 448
Negro infants 65
Sex-linked recessive disorder with retardation of growth, peculiar hair, and focal cerebellar degeneration 764
White North American children, physical growth standards for 448

Handedness, association of position at birth 307
Heart catheterization, accidental puncture during 283
Heart, congenital defects (See also Great vessels)
Constriction of body image in children with 438
Hemiplegia with aphasia in childhood 376
Hemodialysis; comparison with exchange transfusion and intermittent peritoneal lavage as means for removing salicylates 442
Hemolysis, thrombopenia, and nephropathy; syndrome in infancy 209
Hemorrhage, massive, in scalp of newborn infant 907
Hepatitis
Chronic, with hypergammaglobulinemia 933
Plasma-cell 191
Histidine metabolism, inborn error of 714
Hyaline membranes
In Lebanon (Letter) 332
Reparative phenomena in lungs of neonates with 890
Hygroma, cervicomediastinal cystic 831
Hyperbilirubinemia of the newborn and prenatal administration of vitamins (Letter) 1027
Hypergammaglobulinemia
Chronic hepatitis with 933
Positive Schick test, after diphtheria immunization, as evidence of (Letter) 1034
Hyperlipemia, family with; genetic and metabolic study of 566
Hyperplasia, congenital adrenal, deaths in 3
Hypersensitiveness, food; acute constitutional reactions 129
Hypogammaglobulinemia, Pneumocystis carinii pneumonia, and cytomegalic inclusion disease occurring simultaneously 816
Hypoparathyroidism; cytomegalic inclusion disease associated with 52

Icterometer, evaluation of 740
Idiocy, infantile amaurotic familial 37
Infections (See individual organisms)
Intelligence and achievement
In progressive muscular dystrophy 968
Smoking habits of high school students related to 780

Jaundice
Protracted, associated with hypertrophic pyloric stenosis 198 (Cf. Correction 538)
Sepsis and; in early infancy 873

Lavage, intermittent peritoneal; comparison with exchange transfusion and hemodialysis as means for removing salicylates 442
Lead poisoning, diagnostic test: edathamil calcium disodium (Versenate) in (Cf. Correction 702)
Leukemic transformation in lymphosarcoma of childhood 589
Lipomas, intradural 911
Lipoprotein, electrophoretic patterns; effect of diet during first 6 to 8 weeks of life 82
Lymphosarcoma, leukemic transformation in 589

Magnesium deficiency in celiac disease 948
Mead Johnson Award Address
Clinical and Laboratory Aspects of Thyroid Function 692
Medical care of children, evaluation of (President's Message) 843
Meningitis, aseptic
Electroencephalographic study 181
Syndrome due to ECHO virus type 6 409, 418, 432
Metabolic bed (Letter) 330
Metabolism, histidine (See Histidine metabolism)
Metastases, pulmonary, surgical excision of 927
Muscular dystrophy, progressive, intellectual function in 968
Mycobacterium balnei, tuberculin sensitivity in children infected with 404
Myopathy, steroid, during treatment of rheumatic fever 26

Negro infants, growth and development of 65
Nephropathy, hemolysis, thrombopenia and; syn-

drome in infancy 209
Newborn infants
Catecholamines, t-waves, and (Letter) 500
Effects of body-tilting and end-expiratory position 255
Hyaline membranes and reparative phenomena in lungs 890
Hyperbilirubinemia and prenatal administration of vitamins (Letter) 1027
Massive hemorrhage in the scalp of 907
Relationship of dermatitis herpetiformis to incontinentia pigmenti 295
Sulfobromophthalein sodium metabolism in 899
Urological emergencies in 310
Nitrogen retention in normal full-term infants receiving an autoclaved formula 1005
Nutrition, prenatal and neonatal (Borden Award Address)
Nutritional studies in children with pica 1012

Office visits, frequency of (Letter) 848
Oral-facial-digital syndrome; a multiple congenital condition of females with associated chromosomal abnormalities 985
Orthodontist, collaboration with pediatrician 142
Ossification; onsets, completions, and span; in bone-growth centers of hand and wrists 237
Outpatients, general, and special clinics (Letter) 330

Paraproteinemia with secondary immune globulin deficiency 97
Pediatric History
Ernst Moro (1874-1951) 643
Penicillin therapy, potassium toxicity due to (Letter) 1032
Pica, nutritional studies in children with 1012
Pneumonia, interstitial, due to pneumocystis carinii; occurring simultaneously with cytomegalic inclusion disease and hypogammaglobulinemia 816
Poisoning, kerosene, treatment of (Report of Committee) 648
Poliomyelitis
Antipoliomyelitic activity of human and bovine colostrum and milk 105
Vaccine; antibody response and survival following booster injections of 116
Virus
Attenuated; response of premature infants to infection with 794
Sabin type I attenuated, in infants infected with ECHO 14 virus 174
Type I; acute cerebellar ataxia in children associated with infection by 808
Potassium toxicity due to intravenous penicillin therapy (Letter) 1032
Premature infants
Body water compartments in; effects of respiratory distress syndrome and maternal diabetes and toxemia 883
Digoxin dosage in 18
Response to infection with attenuated poliovirus 794
Proctoscope, infant, new transparent (Letter) 153
Progonoma, melanotic; "retinal anlage" tumor of the maxilla 600
Protein
Depletion, resistance to stress of 90
Effect of diet during first 6 to 8 weeks of life on total concentrations of protein and electrophoretic patterns of serum protein and lipoprotein 82
Pseudohermaphroditism, female, with delivery of a normal child 828
Public Health
Vital statistics: annual summary 324
Pulmonary metastases, surgical excision of 927
Pyloric stenosis (See stenosis, pyloric)

Renal agenesis, unilateral, in two siblings 270
Respiratory distress syndrome and maternal diabetes and toxemia; effects of, on body water compartments in premature infants 883
"Retinal anlage" tumor of the maxilla: melanotic progonoma 600
Rheumatic fever
Acute, and acute glomerulonephritis; evaluation of streptococcal desoxyribonuclease B and diphosphopyridine nucleotidase antibody tests in 527
Steroid myopathy during treatment of 26
Treatment of (Letter) 328
Rickets
Familial bone disease resembling (hereditary metaphysical dysostosis) 996
Nutritional; infantile scurvy and; in the United States (Report of Committee) 646

Salicylate intoxication, experimental; comparison of means for removing salivylates 442
Salivary glands, submaxillary; enlargement of, in cystic fibrosis 788
Scurvy, infantile, and nutritional rickets in the United States (Report of Committee) 646
Sepsis and jaundice in early infancy 873
Sex, chromosamal (See Chromosomal sex pattern)
Smoking habits of high school students, related to intelligence and achievement 780
Spinal lesions in tetanus 629
Stenosis, hypertropohic pyloric; protracted jaundice associated with 198 (Cf. Correction 538)

Steroid therapy, varicella and (Letter) 1029
Steroid myopathy during treatment of rheumatic fever 26
Streptococcal infections in families; factors altering individual susceptibility 539
Sulfobromophthalein sodium metabolism in newborn infants 899
Sweat chloride in allergy and in cystic fibrosis of the pancreas 204

Tay-Sachs disease (See Amaurotic familial idiocy)
Temporal lobe syndrome, longitudinal review 617
Tetanus, spinal lesions in 629
Thrombopenia, hemolysis, and nephropathy; syndrome in infancy 209
Thyroid function
  Clinical and laboratory aspects 692
  Thyroxine-binding globulin; capacity to bind triiodothyronine and thyroxine in 961
  maternal and cord blood 369
